Dear friend,

Imagine... a world without abstracts. A world without hope. A world without the unique beauty which is MILC. Now imagine that just a little effort could change this world. Yes, your small donation could bring life, medicine, food, clothing, alcoholic beverages, and a sense of wonder to a starving third-world conference.

MILC needs you. However little or however much you can afford to write would help MILC to realize its potential. Please, won't you submit?

Sincerely,
Jimmy Carter
for the MILC advisory board
